DEFINING MOMENTS

I am the orange cones in the parking lot during drivers education. I am the **football** field during two-a-day summer practice. I am the **noisy** auditorium during orientation. I am the silent gymnasium during the PSAT. I am the knowledge of A.P. **students**. I am the march of 94 band members. I am eight seconds left on the scoreboard. I am the **impatient** pause in the crowded hallway. I am a sigh of frustration after the computer "dies." I am the screams of hundreds of **sports** fans. I am the beginning of a complex idea. I am a glimpse of **possibility**. I am the instant before a fear is conquered. I am perfection after hours of practice. I am the time needed before **self-discovery**. I am the lost freshmen on the first day of high school. I am the thrilled **sophomore** driving to school alone for the first time. I am the tired junior waking up early on a Saturday to take the SAT. I am the stressed senior attempting to avoid finals.

“When the defining moment comes, either you define the moment, or the moment defines you.”

THE YEARBOOK STAFF

I am a book created by minds and millions of ideas. I am a single picture that grabs you. I am 25 years from now, 2 kids, and a dusty book that brings back so much. I am pages full of smiles. I am the picture of your first heartache. I am the staff. I am the brain behind 10 pages. I am the pumpkin muffin and the vanilla big train. I am the time spent after school trying to meet the deadline. I am the eye behind the camera. I am priceless. I am the 2004 Shield.

ELECTIVES

You can **feel** it, we can all feel it- it is time for a break. When Spring Break is too far to even think about, and Thanksgiving too feels like an eternity- it's those classes that make the day go a little faster and a little easier. When the day is loaded **down** with Pre-Cal and U.S. History Honors nothing feels better than an **elective** class. Because it's not just **lifting weights, drawing, or cooking**- it's an opening in the day to relax and let your brain rest.

Outlets for pent up creativity, can be seen rolling off our hands as we throw **clay**, **process** a photo, or **focus** the camera, it's a new **twist** on cooking, it's designing a house, even weightlifting **encompasses** creativity. So, 2nd hour- maybe 4th, either way the day is slightly closer to being over and a tiny bit sooner to **that break** we are all anticipating.

Remember though, four years is only a small piece in our lives- so take in the day. These years will go faster than any of us realize. Much more is to life than just the here and now- **live it up, live it right.**

I am a face.

you are looking at only a few of these faces that fill the halls of NHS daily, 9(nine) months out of the year.

I am your weekend.

whether it be a basketball game, a date, or driving to Shippshewana; best guess will be that it is going to be anything *but* typical.

I am choosing my future.

simple choices are made everyday, know it or not, that are affecting the rest of our lives.

I am your first love.

FRIENDS

Friends...what a broad term. There are friends who you greet in the hallways with a pleasant smile and sit next to in Espanol II. Then there are friends who you talk to over caramel lattes and pumpkin spice muffins every Monday morning. Oh, and then comes the best -- the friends who will race to your house in seconds after you've failed your driver's test, broken up with your boyfriend, or just had the worst day of your life. Ah, those friends are few and far between. So today, remind yourself how blessed you are to have...friends.

Youth smoking, drinking declines

State percentage still higher than national average

Associated Press

The percentage of Indian youths who drink alcohol and smoke has declined over the last decade but remains higher than the national average, according to an annual survey released Monday.

The study by the Indiana Youth Institute showed that 33 percent of Indiana high-grads said they smoke cigarettes on a monthly basis last year. The national rate was 29 percent.

The group also reported that 52.6 percent of Indiana eighth-graders said they had never drunk alcohol at least once, compared with the national figure of 49 percent.

The findings were based on a survey of more than 77,000 students taken in 269 Indiana schools between March and April 2002.

Bill Stanczyk, the institute's president and chief executive officer, said alcohol and drug use among teens was quietly tolerated for many years.

"It's not necessarily a bad thing trying," he said. "But you don't reverse years and years of cultural change in just a few years."

The report also said that 33 percent of Indiana teens said they had ridden in a car with a drunk driver in the last year, almost a quarter said they drove while under the influence.

AFTER SCHOOL JOBS

Many of our students here at Northridge spend a few hours each night or week working at various places. We have students doing jobs from being a waiter, waitress, hostess, to working at a fast food place, to helping people at Park Pharmacy, or helping at the library. It seems like most of our students here work at restaurants, but it's a nice way to meet and greet new people and show how well Northridge students can get the job done.

"ROBERT KINDEL RETURNED TO FOOTBALL THIS YEAR AND STARTED AS A FULLBACK, LINEBACKER, AND WAS OUR PLACE KICKER. HE LED THE TEAM IN SCORING AND ALSO YARDS GAINED. HE WAS CHOSEN AS M.V.P. AND ALSO RECEIVED ALL NLC HONORS."
~COACH KIRKTON~

Words from the Big Guy:
"When looking back at the season, there are many positive things that happened during the course of the year. The attitude towards football at Northridge has changed thanks in part to the senior class. Each week they lead our team with enthusiasm and always approached the next week with the same emotion and intensity. Losing tests character even more than winning does. Our seniors will be very successful in whatever they choose to do for a living. The foundation for future success is set and now it is up to next year's seniors to lead us to be competitive in the NLC."

Special awards went to NLC All Conference Honorable Mention-Melissa Wenger, Most Improved-Devin Klatt, and a JV award going to Ashley Boomershine.

IT WAS A SEASON FULL OF ACCOMPLISHMENTS AND I CAN HONESTLY SAY THAT THIS IS PROBABLY THE BEST GIRLS XC TEAM TO EVER GO THROUGH NORTHRIDGE. I HAD 16 GIRLS. When you look at how well the Soccer Team did this year, there isn't anything bad to say. The team's leadership from this year's seniors, such as Aaron Cripe and Steve Eriksen, led to an incredible season. Everyone is looking forward to juniors, Luke Woodworth, Kyle Miller, Will Weed, and Todd Stutzman, improving their game. All the underclassmen talent on the team shows huge potential for the seasons to come.

With an All-State Candidate, a 6-9 1/2 prospect, an automatic three point shooter, one of the best defensive players in the area, a "cry baby" point guard, and a stellar senior good things would come to this basketball team. They lived up to that reputation with a winning season and a sectional championship.

Mental Attitude

Every athlete has experienced failure & trains so they will not experience it again. Many athletes stop when they have reached a perceived limit or when it becomes uncomfortable to continue. Only a select few athletes have the heart & desire to train unconditionally, to PUSH PAST THE PAIN & DISCOMFORT, to have the courage and character to understand that training makes them quicker, faster, stronger, but most importantly allows them to gain a mental edge over future opponents.

"This year's Student Council members have been awesome. They have accomplished a lot. The officers have been wonderful to work with!" Mrs. Lamble

"Never doubt that a small group of thoughtful, concerned citizens can change the world. Indeed it is the only thing that ever has!"

What is there to say about the Northridge Student Council this year? Its been a very successful year for the Council. The Council has been part of the following: Homecoming, Can Food Drive (we had 5 truck loads!), Christmas breakfast for the teachers, welcome back breakfast and baskets for the teachers, Books for Tots (each 1st grader received 2 books), Landscaping the front of Northridge, Valentine's Day dance for the functional skills students, and lunch buddies with elementary students. The council has received many compliments this year and has nearly 100 members. Way to go Student Council and keep up your good deeds!

I am the sound of your voice coming from the gym. I am the sight of your breath on that cold October night. I am the dress, the shoes, the tie -- all of their colors mixing on the dance floor.

I am a wave of green supporting the 2004 Raider basketball team. I am Raider celebrations in the dead of winter. I am the homecoming that was colder than anyone planned.

We've got spirit, how about you?

Homecoming is one of those many events throughout the year that we never forget. Getting all geared up for the big game and showing our support for our football players. The weeks events consisted of: hat day, rock concert t-shirt day, class color day, decade day, and then green and gold day on Friday. Many of us got bundled all up and sat out in the rain for the big game to show our support for our Raiders. Then after the the game, it was to the dance where you could just have fun being teens and dance to the great music of our own DJ Trixx (Sam Ran). We won't ever forget the great memories of homecoming. Its always something everybody looks forward to each year.

Cheaper by the Doz

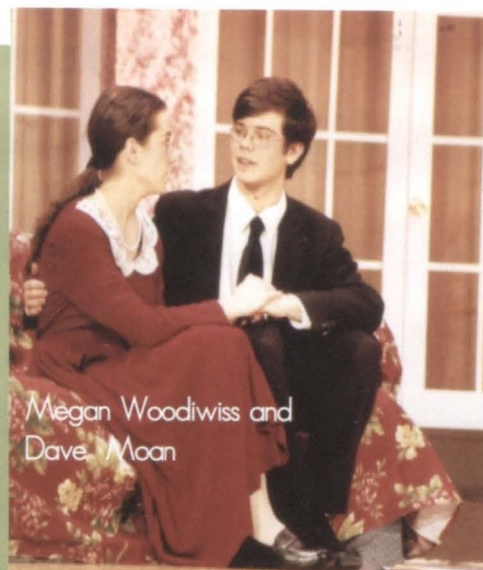

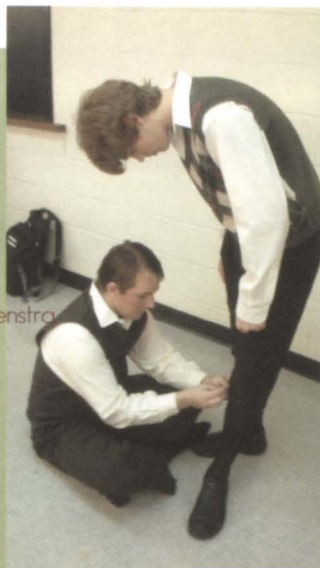

This play is about a well-to-do family full of over-achievers creating mischief. Dad (Dave Moan) only wants the best for his children, especially his oldest daughter (Lindsey Null). After buying the flirty clothes, bringing home the boy cheerleader (Chase Hoefer), and causing a few more problems, the oldest daughter proves she's not perfect. In the end, Dad explains why he wants everyone to go so far in life before leaving the scene.

It was May 8, 2004. Was it your first prom? Was it your last prom? Did you remember it? Or was it all a blur - the black light mixed with red, lights shining white. Did you remember-the lack of food? The talks and toasts. Prom 2004 came and went. Went away, until next year-or for some, this was the end. But here it is-Just for you to look back at.

Cheers!

I am finally getting settled into Northridge High School. I am the year that I can say "I am not a freshman anymore". I finally have the chance to pick on the incoming 9th graders. It's also the year when I get my driver's license. I can throw away that learner's permit that I have had forever. When this year is over, I will already be halfway through high school. Let the year end!

FRESHMEN

I am a freshman. I am in new halls. I am the beginning. I am the first bell of my high school years. I am anxious. I am tough. I am going to have the best four years of my life. I am forming. I am more than last year. I am an experiment. I am extremely limited. I am in preparation. I am learning. I am nervous. I am skeptical.

Unbelievable, the years have gone so quickly;
from the days of "fast walks" with FAR FAR to
fast cars. We love you and are very proud of
you.

Hold fast to your values and allow God to
guide your footsteps. Remember when the
bumps in the road of life come...

"Tis but a flesh wound."
